

BUSINESS MANAGEMENT & FINANCE

In a world influenced by business and trade, it is more vital now than ever to have skills and abilities that help one shine brighter than the rest. The Business Pathway not only provides the resources to help students graduate work force ready, but it also incorporates real life work place standards and expectations that can give students the upper-hand. Whether it is marketing, management, administration, entrepreneurship, or any of the other specific areas of business, the MFHS Business Pathway offers students the basics to ready you for a business specialization that suits your career interests. Students completing the Business Pathway have the opportunity to earn EXCEL and QuickBooks professional certifications.

If you have any questions, or would like additional information, please refer to the MFISD CTE Homepage for Business Program contact information.
